What should I have on my website?

- At least 6 total pages.
- An engaging title.
- A clear theme throughout.
- Evidence that you know how to:
    - Add images.
    - Add text.
    - Change backgrounds.
    - Have proper navigation, using buttons.
- Have "Back" arrows that lead back to your home page.
- Contact page (but don't use your real contact info!)
- Adding videos is cool!
- Find "something else" in addition to the above.
- What makes your website stand out above others?
